## President's Message By Marilyn Sibitz

Cari Amici,

I hope this letter finds you doing well and enjoying our summer weather. Even though we can't meet in person, I am remembering all of our members, and the fun we have had at our dinners and events in the past. I know when our club reopens, we will again be able to gather and to continue with our fun activities.

Because we are unable to have a meeting, the board has met on the phone or on the computer to discuss what is happening, and we agreed to pay some bills that have come due. We also made a decision to give the men's club money to cover expenses we would have had if we could have had our events. A check of \$2,500.00 was sent to them to use towards the expenses needed to keep the club functioning. We want to do our part to help maintain the Fratellanza Club building.

Our donations for our scholarship fund are coming along. We would like to hear from those of you who have not yet sent a donation, so we can be assured that our scholarships program will be in existence next year. We would like to be able to continue giving out a good number of awards to our worthy children. Please send your donations to Rose Marie Gish, 5456 Manila Avenue, Oakland, CA 94618.

The men's club has had three very successful drive-by meals. More are scheduled for this month and August.

### The dates are:

- **July 17:** Lunch of Spaghetti and Meatballs - \$15.00
- **July 25:** Dinner of Chicken Cacciatore and Pasta - \$20.00
- **August 22:** Dinner (Menu TBD)
- **August 28:** Lunch (Menu TBD)

**Reservations can be made by calling 510-764-2365 ext 3.**

Make your reservations early so you won't be left out. Even though we cannot get out and socialize we can see friends in their cars and wave and send a kiss. When we talk about these drive-bys in the future we will all say how wonderful these meals took place to bring us to the club we all love.

I hope all of you will stay in and stay safe as we continue to overcome this terrible virus that has affected the wonderful world we live in. Please do your best to have patience while the medical field continues to work to find a cure for this pandemic we are all experiencing.

**I wish all of you the best as we wait for the time we can be together again.**

Con amore,  
Marilyn
